

**COMPANY:**  
**Summitech**  
Compliance service provider.

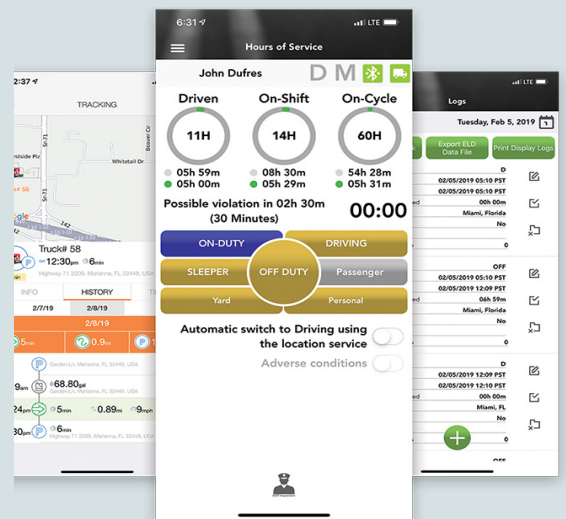

**A COMPLIANT, EASY TO USE ELD THAT ALSO CONNECTS DRIVERS, DISPATCHERS, BROKERS, FLEET MANAGERS AND RECEIVERS, ALL IN THE SAME PACKAGE**

“assured Techmatics ELD solution works like a perfect clock, always on time with critical proactive alerts to help drivers avoid violations.”

The most driver-friendly, easy-to-use and affordable ELD solution for safety, compliance and dispatch.

assured Techmatics ELD is a fully compliant, certified and very driver friendly ELD solution. Several key states rules are also supported as well as multiple languages along with almost every major hardware (more than 20) devices.

Complete IFTA reports and Driver Vehicle Inspection Report compliant with US as well as Canadian Schedule 1, Ontario and Quebec regulations are included on our solution.

**Second ELD provider listed by FMCSA.**

**With a wide array of ECM devices, the apollo ELD solution can make you compliant with nearly every vehicle on the road.**

### Engine Diagnostics

Most engine diagnostic (DTC) codes available, including FMI codes, with driver and back-office instant notifications.

### IFTA Reports

Detailed IFTA reports with automatic (ECM) fuel capture and customizable portal report for missing jurisdictions or inaccurate data.

### Dispatch

Integrated dispatch and driver communications along with routing and ETA removes the need for an expensive TMS system.

### Compliance

Fully compliant with US federal and intrastate regulations, oilfields, construction materials, passenger-carrying, Canadian and Mexican regulations.

### Notifications

Business critical instant notifications: Unidentified driving, violations.

### Quick-switch

Our wide array of compliant ECM devices allows you to easily and instantly switch from an old ELD to our apollo solution.

### Open APIs

Industry standard protocols for full telematics and custom integrations with third party transportation management systems.

### Integrated ELD/Dispatch

Drivers share shipment information with multiple parties to remain connected and receive instant notifications on available arrival times, designated load/unload docks and nearby safe parking.

### Reports

Wide variety of reports: Edited records, unassigned driving, personal conveyance, malfunctions, ECM disconnection, rejected edits and many more.

“I was very happy on my last road inspection stop when the officer allowed me to continue for having apollo! No inspection needed”
